

Wareham-New Bedford Lodge #73 *Partnering with our community!* **Social Media/IT Team hard at work!**

Upper Cape Cod Regional Technical High School Information Technology students meet with Wareham-New Bedford Lodge's Social Media Team to discuss revamping their Website, which was originally designed by an earlier UCT/IT class. A wonderful partnering of fresh ideas and state of the art technologies will be put in service to our community. Working with these students gives them practical experience with real clients. Looking forward to see what develops!
