

THANK YOU

DECEMBER 2016

It is with extreme thanks and gratitude we note the above organization for their generous (\$1,000) contribution to our Lodge's Veterans Restricted Account. Through the efforts of Trustee Jim Callan and Mr. Chuck Cummings of Hillside Engineering, Inc. of Danvers, MA the Veterans our Lodge we serve through out the year will enjoy the benefits of this donation.

As the BPOE prides itself in many efforts of giving *Elks Care ~ Elks Share* and our commitment to the Veterans of the United States of America, the programs and events that are provided by our Lodge to these local men and women, these funds will be used in part to fund these events. Whether it is to help send a vet to Fenway; provide meals on special events; fund specific projects; bring the wheel chair bound Veterans from the Brockton Campus of the Boston VA Medical Center to our Lodge of fish fsies during the summer months, it allows these individuals the opportunity to enjoy some the freedom that they have sacrificed for.

On behalf of all the Veterans and specifically those that have the opportunity to enjoy some of these benefits we say THANK YOU from the bottom of our hearts. As current Chairman of the Veterans Committee of our Lodge, rest assured that we will do all we can to use these funds in the appropriate intended purpose that they have been given.

Respectfully ~ Ted Hatch, Chairman
