

Wareham-New Bedford Lodge of Elks #73 Donates new washer to VTH

Left to right is Chet and Joe ~ Veteran Residents at the Veterans Transition House.

Friday, April 21, 2017 the Veterans Transition House in New Bedford were the recipients of a new washer thanks to the Wareham-New Bedford Lodge of Elks #73. The membership authorized Past Veterans Chairman Ted Hatch at his request to move forward with the purchase. Hatch had begun the process prior to the appointment of our new Lodge Veterans Chairman Mike Ward and was helping him in his new position.

After some price comparisons and on line checking Hatch visited Lowes in the Wareham Mall and was offered the item with a more than generous help of \$100 discount. Lowes should be commended for their support of our Veterans and extreme thanks from both our lodge and the VTH. The Veterans Transition House helps homeless and returning veterans by giving them “a hand up not a hand out”. This new washer coupled with a washer and dryer set donated last year will aid in the operational aspects of this important veterans transition home.
