

Wareham-New Bedford Lodge #73 Makes Christmas a little Merrier For the Veterans at the Kendrick House

Left to right ~ Jean Wajer (Veteran); Walter Priestner (Veteran); Mike Ward, Veterans Chairman; Ed Liffierrec (Veteran) and Carrie King , Manager of the facility.

Through a combined effort of the participants at the Lodge's weekly meat raffle and our Veterans Committee Chairman, Mike Ward, funds were generated to purchase a new TV for the residents of one of our local Veterans Homes. The Kendrick House located in Wareham, MA were the recipient of the new smart TV placed in the day room for all to enjoy. This unit replaced an older model TV that was becoming harder to view due to it's age and the residents were extremely pleased with the new addition to their facility.

Many thanks were expressed from all the residents as this was just in time to watch many holiday shows and upcoming sporting events especially the football games leading up to the super bowl and the end of the season.
