

Wareham-New Bedford, Massachusetts Lodge of Elks #73

...

As was published in the Lodge Bulletin, it was our intention to hold a virtual Memorial Sunday Service but circumstances have forced a reevaluation of that plan. The Exalted Ruler has decided to take the advice of the attached Grand Lodge Executive Order and postpone this year's Memorial Sunday Service to the first Sunday in December 2021, when all departed members from both years can be fully memorialized with the full service hopefully with their family members in attendance. Thank you all for your understanding.

November 2020

A Fraternal Organization

TO: Local Lodges

Along the line of previous communications about COVID-19 from Grand Lodge, the Memorial Service must be conducted in a safe manner and must comply with federal, state, local, county and state public health announcements, mandates, laws, rules and regulations. If this cannot be done, the use of a video conference can be utilized or the Service may be postponed until a later date when this special event can take place safely. **This may mean a carryover until December 2021.**
